Will Prove Another Bunker Hill

Brussels, Oct., 21—[Special Cablegram to The Gazette]—The members of the Boer delegation here say that the Glencoe defeat sustained by their forces is due to the defective artillery of the Boers. They claim they made a gallant fight, withstanding the regulars of Britain for eight hours. They say that the battle of Glencoe will prove another Bunker Hill.

Glencoe, Oct. 21—[Special cablegram to the Gazette]—The British lost 41, killed in yesterday's battle, including ten officers. The total number of wounded is 173, including twenty-two officers. BOER TROOPS RETREATING NORTH

Burghers Fear an Attack From Natives in Their Rear

Cape Town, Oct. 21—[Special Cablegram to The Gazette]—Fear of Boers invasion is dispelled by the British success at Glencoe. Train service to Aliwal north has been resumed. The Boers on the colony border have withdrawn toward Basuto Land, fearing an invasion into the Orange Free State by the Basutos, who are anxious to avenge old wrongs.

LONDON IS WILD WITH DELIGHT

Victory Over the Boers At Glencoe Joyful News to John Bull.

London, Oct. 21—[Special Cablegram to the Gazette]—The Brigade guards left London this morning for the Transvaal amid scenes of the wildest enthusiasm. Today is the anniversary of the battle of Trafalgar and furnishes a convenient outlet for the patriotic feeling.

Nelson's column in Trafalgar Square is decorated and the whole city is bright with flags.

British arms have triumphed in a desperate battle fought at Glencoe yesterday, but not without a heavy cost to life. Sir William Symons, the British commander was wounded and it is feared his hurt will prove mortal. General Yule is now in command. The battle, which continued for eight hours, resulted in the complete repulse of the Boers. The loss on both sides is heavy.

The absence of details concerning fatalities causes the deepest anxiety and the war office is besieged by relatives and friends of those making up the forces that took part in the fight.

The latest estimates this morning put the Boer losses at 400 and those of the British at 300.

TO FIX DATE OF CONVENTION

Republican Committee Will Meet in Washington Soon

Washington, Oct. 21—According to present plans there will be a meeting of the Republican National committee in Washington within a few days after the convening of congress. At that time the date and place of holding the national convention will probably be settled upon. Informal consultation between members of the committee seems to indicate that the convention will be held about the usual time, which is between the 1st and 15th of June. There may be a change when the committee gets together, but the sentiment now is to adhere to the old traditions.

There will be, as usual, a strong fight for the location of the convention. Chicago, St. Louis, Cincinnati, Detroit, Milwaukee, St. Paul, Kansas City, Denver, Omaha and other places in the west have intimated an intention of contesting for the honor, while Philadelphia proposes to make a strong play.

The National committee is in better shape than it was four years ago, and the question of a cash bonus will not be so important as it was then, when the committee was heavily in debt. For this reason it is believed that the members will consider the availability of a city and its means of caring for the delegates.

The sentiment, us usual, centers around Chicago, and while members have not generally pledged themselves, it seems to be believed by western men that the metropolis of the west can secure the convention if it makes a determined effort.

WHITE RIBBONS AT SEATTLE

Annual W. C. T. U. Convention Being Held on Pacific Coast

Seattle, Wash., Oct. 21—White ribboners to the number of 500 are in Seattle today participating in the twenty-fifth annual convention of the Woman's Christian Temperance Union, and celebrating in song, prayer and in joyful thanksgiving the silver jubilee of the organization

The convention was formally opened by the national president, Mrs. L. M. Stevens. Then came reports of officers and miscellaneous exercises. Gov. Rogers, in behalf of the State of Washington, welcomed the delegates.

Mrs. Helen M. Barker, the national treasurer, reported a balance of $3,425. This is larger than last year, covering eleven months, as the convention was held a month earlier, and was encouraging. The Willard memorial fund amounts to $3,268. The life membership fund received during the year was $2,106. The bequests aggregated $1,200, and the superintendents had expended over $7,000. All in all, it was stated, the outlook from a financial standpoint was very satisfactory.

HORSEFLESH SOLD FOR FOOD

Discovery That It Is Used For Beef and and Sausage In Milwaukee.

Milwaukee, Oct. 21- -Members of the health department have begun a quiet investigation of the horse flesh industry in this city. Information has come to their notice that large numbers of the old and decrepit animals are being slaughtered in Wauwatosa and that the meat is being sold here.

Whether the flesh is being sold for beef or whether it is being used for the manufacture of sausage has not been fully determined by the health officials, but their investigation has gone far enough to convince them that the sale of horse flesh is thriving on a considerable scale and that the animals which are being slaughtered in large numbers are for local trade.

PRESIDENT KEMPTON

Christian Endeavors Honor a Janesville Preacher.

FANNY R. JACKSON IS RE-ELECTED SECRETARY

Full List of Officers Selected by Convention Today.

THE MISSIONARY SUPERINTENDENTS ALSO NAMED.

Selection of Rev. Kempton as the Head of the Society Warmly Appreciated in Janesville—He is a Vigorous Organizer and Executive—Earnest Onslaught on Sunday Newspapers—The Society Has No Use for Them—An Interesting Session of the Convention—Addresses, Remarks, and Discussion in Detail.

At the state convention of the Wisconsin Christian Endeavor this morning the following officers were elected for the ensuing year:

President—Rev. A. C. Kempton, Janesville.

Treasurer—W. A. Holt, Oconto.

Secretary—Miss Fannie R. Jackson, Janesville.

The following superintendents were elected:

Missionary Department—Caroline H. Fairchild, Green Bay; Junior Department, Miss Ella Brown, Eau Claire; Christian Citizenship, William L. Wescott, Appleton; Correspondence Committee, Miss Susan Drew, Milwaukee; Transportation, A. G. Leffingwell, Appleton.

The following church vice presidents were elected:

Baptist—Rev. Waterbury, La Crosse.
Christian—Rev. Nugum, Viroqua.
Congregational—Rev. C. C. Campbell, Hartford.
Dutch Reform—Rev. Nordyke, Milwaukee.
Free Will Baptist—Clara Audrews, South Wayne.
German Evangelical—F. J. Schneller, Sparta.
Methodist Episcopal—R. K. Manaton, Milwaukee.
Presbyterian—Rev. J. F. Young, Marshfield.
Primitive Methodist—Rev. J. Hardcastle, Platteville.
Seventh Day Baptist—Prof. E. Shaw, Milton.
Welsh Presbyterian—Rev. R. T. Roberts, Racine.
Moravian—Rev. Albert Haupert, Watertown.

Kempton's Name Applauded.

The election of Rev. Dr. Kempton for president of the Endeavor Society for the state of Wisconsin is warmly appreciated by his Janesville admirers. It is predicted that he will take hold of this work in his usual vigorous way and make the year that he is in charge memorable in the history of the association. He has a wide acquaintance throughout the state and he promises a vigorous extensive campaign during the ensuing year.

The sessions of the convention proper at the Congregational church today were characterized by an earnest interest and a devotional spirit. The church was crowded with visitors from abroad and local church people.

When the nominating committee had finished their work, the Rev. E. H. Pence ascended the pulpit and read the result of their labors. When it became known that the committee had placed Rev. Kempton at the head of the state union, there was a hearty round of applause that gave forth undisputed evidence that their selection met with general approval.

In a short, but pointed address, Rev. Pence then stated why the committee had placed the Janesville Baptist divine at the head of the society. He stated that the state of Wisconsin did not lack in talent but that it did lack in the grace of willingness. Rev. Kempton, he said, possessed this willingness, and was a man that was capable in every sense of the word in fulfilling the office.

Miss Jackson For Secretary

Miss Fannie R. Jackson of Janesville, who was elected to the office of secretary, is the daughter of Hon. and Mrs. A. A. Jackson. She is a young lady who has filled this important office during the past year both to the credit of herself and the Union. By her reelection the nominating committee made a wise move for no one has ever filled this important office with more credit than Miss Jackson.

The other officers selected are all well known throughout the state and many have previously served on the State Endeavor committees.

Engages in a Lively Debate

During the morning session a lively debate took place in relation to abolishing from the Union the Evangelistic department. During the past year this department has been in charge of James O. Buswell of Mellen. Several of the speakers argued that this department had not given the best of satisfaction of late and that they saw no reason why it should continue as a part of the state work, as the different missionary workers covered this field. Others stated that the evangelical work as conducted by Mr. Burwell was a success in every way and that under no circumstances should this part of the work be dropped. After a long discussion the delegates voted to abolish this part of the work.

The committee on greetings made an interesting report through their chairman, Walter Jones. They reported the sending of several messages to outside societies and friends of the Union.

A rising vote was taken in extending thanks to Mr. Rexford, a well known state song writer, who composed a Christian Endeavor song for the Union.

Sunday Newspapers Scored

J. B. Davidson of Milwaukee, president of the Sabbath Day Rest association, took exceptions to remarks made in reference to local newspapers being purchased on Sunday having accounts of the convention. Mr. Davidson said that he did not favor the purchase of Sunday papers by members of the Union for the reason that it was in direct opposition of what the Union santions. His remarks were met with around of applause.

Missionary Committee Report.

W. D. Gibson of Appleton, made the report of the missionary committee which was of special interest. He stated that one hundred and twenty-eight societies out of five hundred and seven in the state gave $2,531.00 for foreign missionary work during the past year, and that eighty-four societies are to be supporting missionary workers in foreign lands.

A. E. Matheson of this city, as superintendent of the Good Citizenship committee gave an interesting address in his usual pleasing way. His address proved a treat and was of special interest to all members.

Work of the Evangelistics.

In the absence of James O. Buswell of Mellino, superintendent of the Evangelistic department, Mrs. Buswell read her husband's report, which proved most interesting. The report stated that during the past year work in the evangelistic department had been carried on in the northern part of the state and in the city of Ashland and vicinity and that two bible classes had maintained throughout the winter. In the northern portion of the state there is plenty of need of most urgent work.

Miss Susan M. Drew, of Milwaukee, as superintendent of the correspondence department stated the work of her committee had largely been to find young people who are leaving one society and moving to another. The great movement throughout the country is toward large cities and when young people from the small places go to large cities it is pleasant when they reach there to find that someone there takes a deep interest in their welfare. This is when the Christian Endervor Union extends its greeting.

Miss Ella Brown, of Eau Claire, as superintendent of the Junior department, then gave his report, which showed good work on all sides.

The afternoon meetings were held in the Congregational, Baptist and Presbyterian churches. The program for this evening will be given at the Congregational church and will include an address by Rev. T. T. Cresswell of Beloit.

Convention Committees Named

Towards the close of the session late yesterday afternoon, the following committees were named:

Business—H. J. Cunningham Janesville; Miss Pinkham, Fond du Lac; Miss Dora Watkins, Lancaster.

Resolutions—Fred J. Terry, Milwaukee; C. A. Plank, Beaver Dam; Miss Hale, Neenah.

Greeting—The Rev. Walter Johnson, Manitowoc; Miss Drew, Milwaukee, and Mrs. Smith, Eau Claire.

Committee on Nominations—The Rev. E. H. Pence of this city, chairman, and a member to be selected from each district.

Report of the Secretary

Secretary Fanny R. Jackson in her report stated that the total number of societies enrolled was 507, with an estimated membership of 18,500. Last year 537 societies were reported. The net decrease of thirty societies is explained in this way: Two Baptist societies have joined the ranks of the Baptist Young People's union and three Methodist societies have become Epworth Leagues. Thirty-six societies have been discontinued. Eleven societies have been organized or reported for the first time.

"We have 200 companies of juniors in training for our Christian Endeavor army with 300 members, besides ten of the intermediates. Last year we had only one Mother's society. This year we have five. The 201 societies which have reported have furnished 397 new church members. The largest number from any society is sixteen, and the society is the Westminister Presbyterian of Milwaukee. The society of Friends, at Ironton, a new society this year, follows with thirteen and the Janesville Presbyterian with the same number. Monroe Presbyterian has given twelve to the church."

The report of the state treasurer, W. A. Holt of Oconto, showed receipts of $532.24 and expenditures of $496.03.

Afternoon and Evening Session.

During the afternoon session yesterday Miss Caroline Fairchild of Green Bay presented a paper on the strength

BADGER ELEVEN SURPRISED OLD ELI

Yale Blue Finds Its Match in Wisconsin Boys.

DEFEAT OF THE CARDINAL BY A SCORE OF 6 TO 0.

Fast and Snappy Football Game Played on the New Haven Grounds—Juneau, Cochems, Chamberlain and Peele Share Honors with Capt. O'Dea—Tackle and End Work of the Madison Boys Superb—First Half Results in 0 to 0—Great Cheers Greet the Western Boys for Their Excellent Work in Holding the Yale Centers—Second Half Results in 6 to 0 in Favor of Yale.

New Haven, Conn., Oct. 21—[Special Telegram to the Gazette]—After twenty-five minutes of hard fighting in the Yale-Wisconsin football game this afternoon, on Yale grounds the first half ended:

Wisconsin 0, Yale 0.

Four thousand people cheered the Westerners who fought every inch of the ground like tigers. Wisconsin men never flinched for a second.

When the senond half was called a strong wind was blowing, which favored Wisconsin.

The second half opened amid tremendous cheering. The great crowd admired the effective manner in which the Westerners checked and held the formidable Yale center.

Stubborn fighting manifested itself during the entire second half.

Pat O'Dea did effective work with that great right leg of his.

Overweight, which favored Yale men, was blocked at every turn by the sturdy boys from the Badger state. Several times was the ball within a few feet of the Yale goal. Each time all the strength of the men of Old Eli was brought into full play for the Easterners fully realized that they had met their match.

Wisconsin coachers were busy at all times and Coach Phil King yelled encouragement to his men every second.

At the end of the second half, twenty-five minutes, the score was:

Yale 6, Wisconsin 0.

BELOIT TEAM THE VICTORS

Beloit, Oct. 21—[Special telegram to the Gazette]—The Beleit team met the Northwestern football team on the grounds here today. There was a big crowd. The first half resulted in Beloit 6 to Northwestern 0.

The feature of the half was the bucking through the center by the Beloits.

This is assumed to be a forerunner of a Basuto movement, and the Orange Free State burghers near the Basuto border are said to be in a state of consternation fearing that at any moment the Basutos despite imperial instructions to the contrary will take field and invade the Free State.

At the end of the second half the score was: Beloit 11; Northwestern 0.

At 6 o'clock a tempting repast was in order, those invited being Helen Nash, Janette Ford, Louise Shearer, Mae Valentine, Agnes Shumway and Louise Crosby.

Later in the evening gentlemen guests arrived as follows: J. A. VanKirk, Fred Jeffris, E. V. Whiton Jr., Edwin Norcross, Volney Atwood, Harry McNamara and George Brownell.

The evening proved a most profitable and enjoyable one, the guests being addressed by Mr. VanKirk who took for his topic, "Three Months Abroad."

BADGER BOYS ARE IN TRIM

Ready for the Hard Fray with Yale Today.

CARDINAL MEN ARE CONFIDENT THEY WILL WIN.

Line-up of Both Elevens is Announced Betting Favors the Sons of Eli—Final Practice of the Wisconsin Team—Weight in Favor of the Eastern Players—O'Dea's Youngsters in Fine Fettle, and Ready to Put Up the Game of Their Lives—Great Crowds in Attendance—Game Attracting Widespread Attention.

[Continued from page 1.]

Hartford, Conn. Oct. 21—[Special Telegram to The Gazette]—The day dawned bright and fair and the long strain which the Wisconsin boys have been under for the last week is almost over. All that remains now for them is to meet the sons of old Eli on the gridiron this afternoon at New Haven

AWAITING THE WORD.

and help to decide the superiority of western and eastern football for this season. The men feel that they are ready for the final struggle.

The boys rose from their beds at an early hour and after a cold bath and a short run for exercise partook of a hearty breakfast of mutton chops, eggs,

toast and tea. Every man on the regular and substitute list is in the pink of condition and they expect to put up the game of their lives.

Practice was very moderate today, before the game began at 2 o'clock this afternoon. Coach King did not express himself as to the result of the game, but ventured the opinion that Wisconsin would not be badly beaten, which is tantamount to saying that he believed the Badgers would lower Yale's colors. Manager Fisher was at New Haven yesterday, and while he admires Yale playing, is hopeful of a Wisconsin victory.

Practice in Secret.

The team was taken to a remote meadow outside of the city yesterday afternoon and given one hours secret work at signals and kicking. The Yale touts were again on hand, but were outflanked by the Badgers and given the shake. The men were also given long talks on Yale's style of play by several old Wisconsin men who came down for that purpose.

Wilmarth and Patterson have had special braces made for their shoulder and ankle, respectfully and will try to get in the game. It is certain that Wilmarth will start. Joliff will not take

his place at half back, as Coach King will try Chamberlain in that position at the beginning of the game. Comstock is in a little better shape, but his wrist is bad. The men are all lighter than normal by several pounds on account of the change of water.

Young Hamilton was taken back last night and may have to keep out of the game. It is a question whether Juneau or Hyman starts in at tackle. Both have shown up well, but Hyman appears to be the faster in getting down the field. Pat O'Dea said this morning that the team would score to a certainty and that its chance of winning was bet ter than 3 to 1. He says that the boys will give Yale as hard a battle as the blue will care to tackle. All the coaches feel the same way.

Today's game will be largely a kicking one in all probability, with O'Dea

and Sharpe able to drop the spheroid over the bar from almost any part of the other team's territory. McBride is punting well. At all events the game will be one of the hardest fought games of the year, and will attract thousands of old Yale men to this city.

Plenty of Yale money is offered, but exorbitant odds have been asked by the Wisconsin partisans already here. The Yale players and followers say little, but are confident of victory. From Hartford the same story comes of expectations of victory, too.

Line Up of the Teams

From the line up herewith given out this morning there may be one or two

PAT. O'DEA.

deviations after the first few minutes of play, but unless the unexpected happens, the men will line up as given below. As Comstock still complains of his wrist, there is a bare possibility that he may not snap the ball back, but a plaster cast is being made for his wrist, and this is expected to aid him considerably.

It has been decided to play Lon Chamberlin at half back and his 175 pounds should do execution with the Yale line. Chamberlin is speedy for his weight. Peele will be Chamberlin's running mate at half. Juneau and Cochems will be at ends and the rest of the line will be the same as told before in these dispatches. The men will go into action as follows:

	Position.	Age.	Wgt.	Hgt.
Cochems	L. E.	22	155	5.10
Blair	L. T.	21	175	5.11
H. Chamberlin	L. G.	23	181	5.10
Comstock	C.	25	180	5.10
Rogers	R. G.	23	199	5.11
Curtis	R. T.	18	166	5.09
Juneau	R. E.	20	157	5.10
Wilmarth	Q. B.	22	148	5.09
Peele	L. H. B.	25	160	5.10½
L. Chamberlin	R. H. B.	24	175	5.11
O'Dea	F. B.	25	165	6.00½

For substitutes there are twelve men. Patterson's ankle is bothering him and he will not go in the game whatever may happen. For ends there are Wright, Hyman and A. Joliffe; for the line there are Lerum, Crego, Yeager and Scowie, and the backs will be supplied from W. Joliffe, Hamilton, Tratt, Drive and Frambach. Every one of the substitutes, outside of Patterson, is in splendid condition and each is anxious to get into the game.

Yale's Heavy Line-up.

According to the new system introduced at Yale, the official weights

of the football players will not be known till the close of the season. This is a new rule adopted this fall by the present management.

The statistics of the Yale players, with the weight as they stood at the beginning of the season, are as follows:

R. J. Schweppe, L. E.	20	152	5.11

GOOD SHOW MONDAY NIGHT

Human Hearts Comes Here With Sixteen People in the Cast.

That great and beautiful drama, "Human Hearts" will be presented at the Myers Grand Monday night, Oct. 23. "Human Hearts" the companion play but entirely different from "Shore Acres" is regarded as one of the best American stage productions of the past ten years. When any play by a comparatively unknown author merits attention enough to secure an opening and then goes on to the stage of the Fifth avenue theatre, New York, and continues one whole week without cessation, it is a guarantee of its qualified power and its real merit as well, as the Fifth avenue theatre clientele is one that will not tolerate even a tolerably good one for long. But let it be in moral clean, in its scenes and situations not over drawn, and in its character painting and dialogue true to nature in the absolute, and let it be enacted by only the masters of dramatic art and all New York will forsake the house where "chaff" and comedy, aye even the lighter charming opera and modern English burlesque hold sway, to pay tribute to the work of any brainy author, who through the medium of the stage holds up to them a true picture of American life. Such was the experience of "Human Hearts" and now in its third season with almost the identical cast that presented it for a year in New York, it comes to the Myers Grand. It should, and undoubtedly will meet with the generous welcome that has ever been accorded it by the American people throughout this land.

REGISTER OF DEEDS CAN REFUSE SALARY

ROCK COUNTY SUPERVISORS NOW HELPLESS.

Important Decision Handed Down by the Supreme Court—Say That the Law Authorizing County Boards To Provide Salaries in Place of Fees, Has Been Repealed.

According to a recent ruling by the state supreme court, it appears that the Rock county board of supervisors have no power to compel the register of deeds to accept a salary in place of fees.

At Madison yesterday was heard the case of Dane county against Amund K. Reindahl, register of deeds of Dane county.

The Reindahl case arose from the refusal of Register of Deeds Reindahl, who was elected at the last general election, to turn his fees into the county treasury as provided for by a resolution of the county board, and receive the salary voted by the board. The salary voted was $1,800 a year, and the fees are said to amount to from $3,000 to $4,000. The suit was brought by the county against Mr. Reindahl and the sureties on his bond to compel the payment of the fees into the county treasury. Mr. Reindahl's attorneys demurred to the complaint, and the case was dismissed. The supreme court affirms the decision of the circuit court.

Holds Law Has Been Repealed.

The demurrer to the complaint, and in fact the whole defense to the suit, was based on two technical points, Mr. Reindahl's attorney contending that the law authorizing county boards to provide salaries in place of fees for registers of deeds has been repealed by being omitted from the revision of the statutes adopted in 1897, and that it was unconstitutional, the lawyers argued, because it was in conflict with the provision of the constitution which provides that the town and county government shall be uniform throughout the state.

Justice Winslow who wrote the opinion, holds that the omission from the revised statutes of 1897 of the law authorizing county boards to substitute salaries for fees repealed the law and leaves registers of deeds free to refuse to receive their salaries and to keep the fees. Justice Winslow refers to the report of the legislative committee on revision of the statutes, which recommended that the law in question be omitted because it was unconstitutional. The opinion does not, however, discuss the constitutionality of the law, as the court holds that it was repealed and therefore such discussion was useless.

Eczema! The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patent medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

Ellimore G. It has received universal praise. The lady is not only artistic with the brush, but also in music. Pullman Absorbs Wagner Company.

Chicago, Oct. 21.—Pullman's Palace Car company directors have practically concluded preliminaries for the purchase of the Wagner Palace Car company, plants, cars, goodwill, and appurtenances. This removes the only competitor in the field, and gives the Pullman company a clean monopoly of the sleeping-car business. The chief ownership of the Wagner stock is in the hands of the Vanderbilt family, represented by the president, Dr. W. Seward Webb. The entire capital stock is $20,000,000, and share for share the stockholders will exchange their stock for Pullman's Palace Car company stock. This will necessitate the issuance of $20,000,000 new stock by the Pullman company, thus increasing its capital to $74,000,000.

THE FIGHT FOR SAN ISIDRO.

American Loss Was One Killed and Three Wounded.

WILL PUSH WAR TO AN END.

Gen. Corbin Is Authority for the Statement That the Campaign from This Time Will Be a Succession of Advances—Filipino Envoys Coming.

San Isidro, Oct. 21, via Manila.—Gen. Young's cavalry, forming the advance guard of Gen. Lawton's division, had a sharp brush with the insurgent troops, who were commanded by Gen. Pio del Pilar, who a few days ago was reported to have sent a message to Gen. Otis containing a proposition to sell out the insurgent leaders. Gen. Pio del Pilar came from the western part of the islands especially to lead the insurgents in the fight with Gen. Lawton's troops. Gen. Young's advance from Cabiao to the outskirts of San Fernando was almost without opposition. At the latter town the insurgents had taken a position behind some well-constructed earthworks. The Americans charged and drove the Filipinos from their position without difficulty. As the rebels crossed the bridge spanning the Rio Grande they set it afire, and it was badly damaged before the American troops could extinguish the flames.

One American was killed and three wounded durin the fight at San Fernando. Fifteen insurgents were captured. A Spaniard who was fighting with the rebels was also taken prisoner.

After the battle Gen. Young's men continued on their way to San Isidro. The insurgents had all withdrawn and the natives who remained in the city seemed very friendly to the Americans. The remainder of Gen. Lawton's division reached here later in the day.

WILL NOW PUSH WAR TO AN END.

Northward Movement to Luzon Said to Begin the Last Campaign.

Washington, Oct. 21.—Gen. Corbin said Friday that the general movement for the suppression of the insurrection of the Philippines was now on. He says that with the northward march of the troops under command of Gens. Lawton and Young the campaign may be said to have formally opened, and that unless some unforeseen obstacle should occur the military operations will be pushed from now on until the Filipinos surrender.

New Offer by Filipinos.

Manila, Oct. 21.—Three insurgent officers entered Angeles Friday and applied to Gen. MacArthur for permission for a Filipino commission, headed by a Filipino major general, to visit Gen. Otis in order to discuss peace terms and to arrange for the delivery of more American prisoners, as well as to consider methods for the release of the Spanish prisoners. The request was referred to Gen. Otis. The insurgent officers are expected to return today to receive his answer.

To Send Envoys to Washington.

Manila, Oct. 21.—The Democracia reports that the juntas in the orient and in Europe intend to send a delegation to Washington to present the Filipino cause. Regidor will probably be the president of the delegation, and Agoncillo and Apacible will be among its members.

Convention of Universalists.

Boston, Mass., Oct. 21.—The general convention of Universalists opened Friday in the Second church with a large attendance, including twenty ministers from Illinois.

Venezuela in New Hands.

Caracas, Venezuela, Oct. 21.—President Andrade has signed the capitulation agreement proposed by Gen. Cipriano Castro, the revolutionary chief.

J. B. TREAT SHOULD LEAD

Governor Scofield has formally declined to be a candidate for renomination, and at the end of his term will retire to private life. He will go out of office with an honorable record and with the full realization that his effots have been appreciated by the people. He has been fearless, consistent and wise in all his works, and they will endure during the years to come.

The talk now naturally turns to the subject of who shall be his successor. The question cannot be answered at present, but the names of several of Wisconsin's best men have been suggested for consideration, and there is plenty of good timber from which to make the selection.

Prominent among the men whose names have been presented, is J B. Treat of Monroe. Mr. Treat is a man in every way worthy of the high office of governor. He has the tact, the judgment and the ability. He is, and always has been, a straight republican. He is a gentleman, and a sagacious business man.

Mr. Treat is in no sense a factionist, and his nomination would insure harmony in the republican party. After the bitter fight at the last state convention both factions joined in showing their confidence in Mr. Treat by electing him chairman of the State Central committee. Mr. Treat accepted this trying position, and his work won warm commendations on all sides. He made friends of all the republicans of the state, but enemies of none. He prosecuted a clean and well planned compaign, rolling up a heavy majority, and that too, without treading upon anyone's toes, or creating any strife.

Neither of the then existing opposing factions that joined in electing Mr. Treat, have had, or now have, any reason to regret the choice. Nor will the party have any more season for regret if all hands now turn in to nominate Mr. Treat for governor.

Mr. Treat is a resident of the southern part of the state. It is just that the nomination should fall to Southern Wisconsin this time, a fact that is recognized in all sections. Mr. Treat is well thought of in the northern and central counties as well as in this part of the country. He has many friends in Milwaukee, and in the north as well as in the First Congressional district. Not only as a man is he an available candidate, but the fact that his nomination would further harmonize the party and give due geographical recognition, weighs strongly in his favor.

It is no disparagement of the other good men who are now, or may later become candidates, to say that Mr. Treat is the more available leader. Everyone knows that Mr. Bradford, Mr. Jones, Mr. Stone, Mr. Orton and all the others are "good men and true" but the facts noted are self evident. Nature has given Mr. Treat the qualifications. The fortunes of war have placed him in the position where he is more than any other candidate, able to render his party a service.

If ever a "logical candidate" was presented to the republicans of Wisconsin, Joseph B. Treat is the man.

The Gazette was the first paper in Wisconsin to go on record as favoring the burial of the factional hatchet, and its course was universally commended. The present suggestion, therefore, is in line with this position. There is no reason why all hands could not join in the support of Mr. Treat, and this one fact places him at the head of the class. He may be no better man than any of the others—we do not say that he is—but, nevertheless, the name of no better man than he has yet been presented.

Let us join in nominating J. B. Treat. He is "the man of the hour" for Wisconsin republicans.

Suppose that President McKinley had [illegible]

Spanish war had not been ended, but was still going on; what would the pure minded patriots who stayed at home be saying now? Suppose the president had adopted any course other than the one he did adopt? What would "our friends, the enemy," be saying now? The answer is easy; they would be questioning the wisdom of his policy, just as they are now doing. The people, however, have no time to waste listening to the representatives of an organization that has degenerated into a mere "party of the opposition."

Results tell, and the triumphs achieved in the past few months, speak for themselves.

The Howe brothers have bargained for another goodly slice of Janesville property thus showing that they have confidence in the Bower City. The city is to be congratulated on the fact that she has such public spirited business men as the Brothers Hayes and the Brothers Howe. They are made of the right stuff.

Mayor Rose of Milwaukee, who called President McKinley a "political blatherskite" did the president the honor to help entertain him when the chief executive visited the Cream City. This was real kind and condescending of Mayor Rose. He must have felt very much out of place when in the company of blatherskites of the McKinley brand.

Milwaukee hopes to get the democratic national convention, and also the national meeting of the W. C. T. U.—upon different dates, however.

A millionaire English soapmaker proposes to try and win the America's cup next year. All right. He isn't barred.

Well, Sir Thomas, you are a gentleman and a scholar, but you should change yacht builders.

Bryan is still seeking the dollar but the honors are falling where they belong.

Good bye, Sir Thomas! When you are passing this way, drop in again.

It is the "America's cup", and the Americans will keep it.

Even Dewey himself, could have done no better.

WILLIAM J. MURPHY MAY LECTURE HERE

SEC'Y JONES RECEIVES LETTER FROM PORTAGE.

Son of Francis Murphy Would Like to Hold a Series of Meetings in the Bower City—League May Secure His Services—Is a Rousing Temperance Worker.

John H. Jones, secretary of the Frances Murphy Temperance League of Janesville, has received a letter from the well known temperance lecturer, William J. Murphy, who is now doing excellent work at Portage.

Mr. Murphy is the son of Frances Murphy, who conducted a series of successful temperance meetings in the Bower City.

Mr. Murphy says that he will come to Janesville within the next few days provided that satisfactory arrangements can be made by the local league. In all probability his services will be secured.

It is the intention to soon call a meeting of the local temperance committees and take steps that will mean the bringing here of Mr. Murphy. For several years he has been engaged in temperance work with his father who did such excellent work in Janesville that his friends here are numbered by the hundreds.

It costs money to carry on a temperance campaign and it will depend much on the generosity of local citizens whether or not Mr. Murphy comes.

Commons Sustains the Queen.

London, Oct. 21.—In the house of commons the first lord of the treasury and government leader, Arthur J. Balfour, moved an address of thanks to her majesty for the royal message calling out the militia.

John Dillon, nationalist, member for East Mayo, moved an amendment declaring the embodiment of the militia unnecessary. This was rejected by a vote of 299 against 36.

In reply to a question regarding the rumored purchased of Delagoa bay by Great Britain, Mr. Balfour said no arrangement had been made for such a transaction.

HARD COAL FAMINE THREATENED HERE

LOCAL DEALERS NOW ASKING EIGHT DOLLARS.

Others in Janesville Are Satisfied with a $7.75 Price—Scarcity of Railroad Cars Brings About High Freight Rates—Price Likely to Advance to $8.50 Per Ton—Ranks as a Luxury

Coal is a scarce article in Janesville these days and prices are on the upward turn.

Market figures are now ranging all the way from $7.00 to $8.00 a ton for hard coal.

Peter E. Neuses of the Janesville Coal company, said this morning: "Present indications are that coal in Janesville will be higher in price before snow flies. Prices now range all the way from $7.00 to $8.00. I believe that it will reach $8.50 before long. The reasons for this advance are many. Railroad cars are scarce on all lines these days. Lake transportation rates are higher."

John Plowright said: "Coal in the local market is high for the reason that the railroad companies find great difficulty now in handling shipments. This is on account of very large iron and ore consignments at this time of the year both on the lakes and railroads."

Charles Buggs, of the firm of Wm. Buggs, said: "I believe that the coal trust is to blame for the high price of coal in Janesville. The railroad companies are also getting good prices for freight rates."

F. A. Taylor of F. A. Taylor & Company sums up the situation as follows: "Range coal here is worth $7.75, while chestnut is in demand at $8. The reason for the high price of chestnut coal is simply because more of that kind is used. Other sizes are selling from $7 to $7.75. There is a scarcity in the Chicago market just at present and this of course affects Janesville."

John Carpenter has this to say: "It is almost impossible at present to get coal into Janesville on account of the rush of business the railroads are now having. We are getting $7.75 for our best goods but the present indication is that a higher price will soon prevail."

Coal Ranks as a Luxury

A coal famine, not only in Janesville, but in all Wisconsin towns, is the cheerful prospect which is at present staring consumers in the face; and closely allied with this unfortunate condition comes the inevitable foreboding that the price of coal will soon take a leap far from the limits of a necessity to the ranks of a luxury. The condition which is threatened is one which Wisconsin cities have not experienced for years past.

The feeling among Janesville coal men because of the condition to which the local market is reduced through the scarcity of "free" coal and the impossibility of getting enough cars to replenish their stocks, is to them one of the greatest apprehension; for unless relief is soon forthcoming, they assert, a famine of anthracite and bituminous coal, such as Chicago and other cities are now experiencing, is bound to come. Already the local market has been seriously affected by the condition, as is evidenced by the rise of prices announced during the past month, and there appears to be no way in which ready relief can be afforded.

OYSTER ATLETS.—Blanch three sweetbreads and cut them into slices; then take rashers of bacon the size of the slices of sweetbreads and as many large oysters blanched as there are slices of sweetbreads and bacon, put the whole into a stewpan with a piece of fresh butter, parsley, thyme and eschalots (onion or garlic) chopped very fine, pepper, salt and lemon juice—a small quantity of each. Put them over a slow fire to simmer for a few minutes, then lay them out on a dish and, when cool, put them on a wooden or silver skewer, a slice of sweetbread, a slice of bacon and an oyster alternately until the skewer is full, then sift bread crumbs over them, which should be rubbed through a hair sieve, and broil the atlets gently until done and of a light brown color. Serve them with a little cullis under them, together with the liquor from the blanched oysters reduced and added to it.

MISS KITTIE BATES BADLY INJURED

RIDES BICYCLE DOWN BELOIT COLLEGE HILL.

Janesville Girl Rendered Unconscious After Colliding with a Fence—Was Found by Friends, Who Summoned Dr. Farr—Brought to Her Home in This City.

Kittie Bates, who claims Janesville as her home, was badly injured yesterday afternoon at Beloit by being thrown from her bicycle while riding down the path in the college grounds which leads to Pleasant street.

The young woman started down the grade without noticing a lady and three children near the bottom and her wheel attained such a velocity that she could not stop. She signaled in vain but was not given the path, and rather than run down the pedestrians crashed into the fence. She was rendered unconscious and was carried to a neighboring house where Dr. Farr was summoned. He found her suffering terribly from the shock and bruises over her entire body. She was brought to her home in Janesville last night.

BOERS UTTERLY DEFEATED.

British Rout the Enemy at Glencoe After Heavy Fighting.

SYMONS FATALLY WOUNDED.

Reports Sent to London Place the Losses at 250 Killed and Wounded, Including the General in Command—Boer Loss Very Heavy.

London, Oct. 21.—The first really decisive battle in the Transvaal was fought and won by the British yesterday. The scene was the immediate vicinity of Glencoe. Gens. Symons and Hunter led the British, Gen. Joubert the Boers.

The losses are serious on both sides. The British have 250 killed and wounded, while the Boer loss is estimated at 800 killed and wounded.

Gen. Symons is among the injured and it is thought his wound is mortal.

The Boers fired the initial shell of the battle from guns placed on an eminence commanding Dundee. Hardly a dozen shots had been fired until the British replied with their big guns. An artillery duel followed. The British aim was the better, for the Boer guns were silenced in less than an hour.

The Boers, estimated at 9,000, held good positions on Dundee hill, northeast of Dundee, and on a hill south facing toward both wings. The British charged the instant the Boer batteries had been quieted. The Boers, according to British reports—all, of course, that are obtainable at present—were unable to stand the charge, and after losing half the guns commanding their position fell back in disorder.

Gen. Symons, an experienced fighter, eagerly pressed his advantage. Bringing up two untouched battalions, the Leicestershire and Devonshire, and placing the Eighteenth hussars and their field batteries at their head, he pushed on in pursuit.

It was in this advance that Gen. Symons, practically at the head of his forces, was struck down by a rifle shot and wounded in the abdomen. The reports of the seriousness of his injury differ, some saying it is mortal and others that it is not necessarily fatal. It is certain, however, that the daring leader will be unfit for service for some time at least.

As soon as Gen. Symons had been taken to the rear Brig.-Gen. Yule took command and led the troops on as if nothing had happened.

The battle commenced about 5:30 o'clock. The preliminary assault was made by the King's Royal rifles, formerly the Sixtieth rifles, which suffered severely at Laing's Nek and Majuba hill in 1881, and the Dublin fusileers.

This movement began at 9 o'clock, but was not easily or quickly successful. The ascent to the point where the Boer guns were stationed was toilsome. Finally in the face of a terrific but poorly aimed fire the almost inaccessible heights were crowned.

There a hand to hand fight raged for over four hours, the British finally carrying the position at 1:30 o'clock.

At this particular point the Boers had five guns, which were all promptly captured.

Then the Boer retreat began. Down the hillside and into the valley the fugitives poured like frightened sheep. They were followed quickly by fresh troops from the field below.

The fighting in the valley was still on when the last reports were received in London.

It is quite evident that the Boer campaign had been planned to include an assault on Glencoe and another one from Hattingspruit, opposite the British right flank, almost simultaneously. This was undoubtedly intended for a wide flank movement and would have compromised Glencoe. At the same time a similar demonstration was to have been made against Sir George S. White's position to the left and much farther to the rear. The Orange Free Staters, who had been massing in and back of Tintwa pass since having been driven back by Gen. White several days ago, again advanced toward Acton Homes for the purpose of engaging White. The news of the defeat of their forces at Dundee hill, however, arrived before they were able to cover half the distance and the plan was suddenly changed. It is now believed the Free Staters have fallen back toward Tintwa pass and that, re-enforced by some of the remnants of Joubert's other column, they will make a fierce charge on Sir George S. White's camp at Ladysmith.

There is a suspicion that the Boers will make another effort to take Glencoe, probably employing other tactics. They may try long-reaching raids and incursions rather than fighting in the open field, in which they never have been successful.

EUROPE IS BECOMING AROUSED.

Great Britain's Military Plans Puzzle the Powers.

London, Oct. 21.—It is reported that Great Britain's immense military preparations against two insignificant republics are viewed with considerable curiosity in some of the European capitals, notably Paris and St. Petersburg. Notes have been exchanged on the subject, and it is even hinted in unofficial quarters that inquiries will be addressed to the British government as to the contemplated absorption of the two republics by the British empire.

The Press association announces with an air of authority that the government's plan is to terminate the war in the speediest manner possible after the forts at Pretoria and Johannesburg have been razed and then to promulgate federal states—Cape Colony, the Transvaal, Natal, the Orange River Free State and Rhodesia—under the title of the dominion of South Africa, the crown to nominate a governor general and the five states having power to elect its own lieutenant governor and to have local legislatures with a dominion parliament to meet at Cape Town.

With some modifications, the scheme is based upon lines similar to those of the Canadian government.

BRITISH FLEET IS GATHERING.

Secret Naval Movements Ordered and Huge Array of Force Displayed.

London, Oct. 21.—International complications are already growing out of the Transvaal. What these complications are and where they originate the governments involved are keeping strictly secret, but Great Britain is evidently aware of them, for Friday her greatest fleet shipped anchor.

It is this sudden show of power on the sea that reveals an expectancy of trouble. Secret naval movements are already under way. It is believed the channel fleet will mobilize and proceed to Gibraltar, where it will be in touch with the powerful Mediterranean squadron. In the meantime the port guardships will be formed into a home squadron.

There is much speculation as to what power this mobilization is aimed at. It is generally believed to be France, as Germany has given assurances of her strict neutrality.

It is considered likely that the channel fleet intends to guard the Mediterranean sea and protect the Suez canal.

The fleet will probably rendezvous at Portland, where flying squadrons always assemble. It is the most powerful fleet afloat, composed of all new battleships, cruisers and torpedo boats of great speed. Sir Harry Rawson is the fleet commander.

Suicide Not Legal Defense.

St. Louis, Mo., Oct. 21.—The United States Court of Appeals decided that suicide cannot be urged by an insurance company or other organization as a reason for refusing to pay on a policy, unless it can be shown that the individual at the time of subscribing for the policy contemplated suicide.

CAN'T KEEP IT UP

Can't Deceive Janesville People Very Long—They Learn Quickly.

It is sometimes an easy matter to fool the public, but you can't keep it up very long. They are sure to find you out; and every time a man is fooled another skeptic is made. We are naturally skeptical when reading a published statement given by some stranger residing in a far-away place but the circumstances are entirely different when home endorsement is presented. The testimony of local citizens renders deceit impossible. It is so easy for you to investigate. Read this case:

Mr. Samuel Griffin, of 203 Locust St journeyman carpenter, says: "I had a severe attack of la grippe and as a result weakness of the kidneys set in. The secretions from those organs were greatly disordered, annoyed me much at night and I seemed to have limited control of them. After finishing the treatment my kidneys were so strengthened that I could sleep all night without being disturbed. I am better now than I have been for years, and give all credit to Doan's Kidney Pills for bringing about this result."

WEEKLY REVIEW OF TRADE.

Dun Reports Business Expanding and Mills Active.

WAR HAS HAD NO BAD EFFECT.

Prices Are Still Advancing in Almost Every Line—Wheat Declines in Price in Spite of Unfavorable Crop Reports—The Failures.

New York, Oct. 21.—R. G. Dun & Co.'s weekly review of trade says:

"In most lines business continues to expand, though in some there are signs that buying has been checked, either because prices have outrun the views of buyers, or because recent purchases have been so heavy that nobody is left in need. Prices are still advancing in almost every line, supported by rising prices of materials, and works everywhere are still crowded to their utmost capacity, while at many points it is found hard to get enough competent hands. But the volume of business expressed in values rises much more than prices, showing a remarkable increase in quantities of goods exchanged.

"The outbreak of war in South Africa has brought no such changes as many feared. In England the markets have treated it as an event already overdiscounted, and relations with this country were not appreciably affected.

"Wheat has declined 1¼c in price in spite of unfavorable crop reports. Wool has enlisted a powerful speculative interest, and sales of 11,293,000 pounds for the week at the three central markets represent about twice the consumption. Bessemer sales at $23 for next year and $24.50 for this year at Pittsburg are reported, with billet sales at $39 to $40, and sales of sheet bars at $36 per ton.

"Failures for the week have been 145 in the United States, against 221 last year, and 20 in Canada, against 24 last year."

TIN-PLATE MEN MAY STRIKE.

President Powell of the National Union in a Conference.

Chicago, Oct. 21.—George Powell of Elwood, Ind., president of the National Tin-Plate Workers' union, and John Rombold of Ellwood City, Pa., a member of the grievance committee, held a conference with Third Vice-President Warner Arms of the American Tin-Plate company yesterday afternoon in the office of the latter concern in this city concerning certain complaints made by the National Tin-Plate Workers' union which unless adjusted are likely to involve 25,000 union laborers in a strike. No satisfactory agreement was reached, and the representative unionists returned to their homes to report to the executive committee of the union, which is expected to take some decisive action or to advise the president concerning a future course.

According to President Powell, the difference is so serious that a strike may be called. The chief complaint is due to the employment of nonunion men in the various mills.

Endeavorers Hear Dr. Chapman.

Rockford, Ill., Oct. 21.—The sessions of the state convention of the Illinois Christian Endeavor union began Friday. Dr. J. Wilbur Chapman led the quiet-hour services. He followed with an address on "Different Kinds of Christians."

The following will be the officers for the ensuing year: President A. E. Turner, Lincoln; vice-president, W. S. Dewey, Cairo; treasurer, O. S. Stowell, Alton; general secretary, A. E. MacDonald, Chicago; statistical secretary, Miss Mary A. Crane, Chicago. Directors: Miss Brown, Galesburg; F. C. McIntyre, Decatur; C. A. Wetzel, Chicago; Miss Alice E. Smith, Waukegan, and J. F. Masterson.

Baptist Meeting at an End.

Monmouth, Ill., Oct. 21.—The fifty-fifth annual convention of the General Association of Illinois Baptists and the ninth anniversary of the Baptist Young People's union closed Friday. The former's annual report, for the first time in the history of the association, showed a decrease of church membership. At the young people's meeting a resolution was adopted favoring a semi-annual conference. Frank Mosher, DeKalb, was chosen president.

Decision May Hit All Trusts.

Chicago, Oct. 21.—Whether or not the declarations of the Supreme court in the glucose case threaten the corporate life of recent large combinations of capital and preclude their right to do business in the state of Illinois is the most important question involved in the glucose trust litigation. Until the full text of the opinion is known and carefully studied the best lawyers will differ regarding its effect. That it is a severe blow to combinations whose ultimate effect is to control output and price seems certain.

Gen. Wilson's Figures Are Big.

Washington, Oct. 21.—The annual report of Brig.-Gen. John M. Wilson, chief of engineers of the United States army, to the secretary of war for the year 1899 is made public. The total estimate submitted by him for continuous work during that year authorized by congress is $15,582,626.68. For the construction and maintenance of works authorized by congress, but not provided for by continuing contracts, estimates amounting to $26,906,821.78 are presented. These estimates are far in excess of those for any previous year.

BIG CROWDS GREET BRYAN.

Nebraskan's Tour of Ohio Is Causing Much Enthusiasm.

Lima, Ohio, Oct. 21.—As the Bryan-McLean special was entering the city Friday the rear trucks of the tender jumped the track, but no one was hurt. An immense crowd greeted the party at the depot. The reception of Bryan and McLean was enthusiastic. Mr. Bryan discussed the income tax, trusts and silver. In discussing expansion he made a distinction between the Louisiana purchase and that of the Philippines, claiming the one was for colonization by a homogeneous race and the other was not; that the white man never went to the tropics.

At Sidney, Bellefontaine and Kenton Mr. Bryan was warmly received. He covered about the same subjects as during the day and was escorted back to the train by a mounted procession.

At Ottawa, Ohio, there was a demonstrative crowd, the people coming from the surrounding country for miles. The money question and the anti-option bill were discussed by Mr. Bryan.

Samoa Ripe for Revolt.

San Francisco, Cal., Oct. 21.—The steamer Moana arrived Friday from Australian ports via Apia, Samoa, and Honolulu, with Samoan news of a startling character. A report, under date of Oct. 6, says: "The aspect of affairs in Samoa is indeed far from reassuring. There is trouble brewing and it will come soon if the three powers do not come to the aid of the government and the distracted officials. The three consuls who were left here as a provisional government by the commissioners are finding their position by no means a bed of roses. It is a matter of report that the feeling between the members of the provisional government is strained."

National Bank Reports.

Washington, Oct. 21.—The consolidated statement of the condition of national banks Sept. 7 has been issued by Comptroller Dawes. The leading items, as compared with the last preceding report, are as follows:

June 30—Loans and discounts, $2,492,230,584; individual deposits, $2,572,157,508; United States deposits, $70,481,616; national bank note circulation, $199,358,382; average reserve, $29.38.

Sept. 7, 1899, the figures were as follows: Loans and discounts, $2,496,751,251; individual deposits, $2,450,725,595; United States deposits, $72,826,840; national bank note circulation, $200,345,567.

Impoverished Blood

is the secret of half the diseases known to humanity—rheumatism, dropsy, scrofula, stomach and liver troubles may in a majority of cases be traced to the circulatory system. They can be avoided and they can be cured by the use of a remedy that supplies the necessary elements to enrich the blood.

Dr. Williams' Pink Pills for Pale People

increase the red corpuscles in the blood and thereby give it new life and richness. They also tone up the nerves and are a specific for many serious disorders.

From the Journal, Carterville, Mo.

Mrs. Joseph M. Evans, of Carterville, Mo., says:

"Two years ago I had dropsy of the left limb so severely that my physicians said I could not recover—that it would be impossible to give me any treatment that would afford permanent relief. I had been sick about a year, and most of the time was bedfast. My husband spent over $300 that year doctoring me, with the result that the treatment of the physicians did me no permanent good. I steadily grew worse.

"My brother insisted that I try Dr. Williams' Pink Pills for Pale People. I did so with some reluctance and without much hope that they would benefit me, but the effect was almost marvelous. The first box effected a change for the better in my condition, and I continued to improve steadily.

"I took about six months steady treatment, and kept them in the house and took them at intervals for a year or more afterward. The result is that I do not now feel a trace of my former ailments."

MRS. LUE EVANS.

Handsome Rugs

Made from worn Ingrain or Brussels Carpets any size desired. Write to Baraboo Towel Mills "rug department" for circulars. Only first-class work turned out. Baraboo Towel Mills, Baraboo, Wisconsin.

Notes On Bread-Making.

REQUISITES.

FIRST—The best flour (Gold Medal) fresh, sweet yeast, pure water or milk scalded, clean salt, sweet butter or lard, if shortening is used, and a good oven.

SECOND—A cook who knows how to use these things or one willing to learn and practice with skill, strength and patience.

Third—Flour should be kept in a dry place. Bring flour, milk or water, and dough to a temperature of 70 degrees; keep doors and windows shut. Do not knead dough to stiff; a soft dough makes tender bread. Let it rise to double size, but not over-rise, especially in loaves, this is fatal. To prevent bread from rising unevenly in the oven, turn loaf end for end every five minutes. In forty or fifty minutes the loaf will shrink and slip easily from the pan. Should have an evenly browned crust.

Note these points carefully. Next we give a recipe for water bread.

A SPECIAL PURCHASE

:: We have traded cash for a job lot of ::

MICHIGAN BALDWIN AND NEW YORK GREENING APPLES.

They are bought cheap and we offer them by the barrel at prices that should interest anyone wanting Apples for early winter use.

BUY YOUR CANNED GOODS NOW.

Owing to the scarcity of fresh vegetables we will have to depend mostly upon the canned article from now on. We bought at the low water mark and are quoting prices that we think it will be difficult to duplicate later on. We would suggest to our trade the advisability of buying Canned Goods by the case this season. The advance in tin and the drought throughout the east has produced a boom in Canned Goods such as we have not seen in five years.
